

ECLETTICO_vasca sottopiano e sovrappiano / under and over mount bathtub

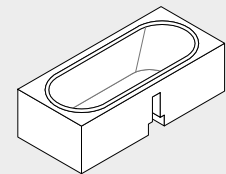

Vasca sottopiano e sovrappiano da rivestire con bacino ovale simmetrico integrato in una struttura di polistirene espanso _EPS. ECLETTICO è proposta in 2 versioni: SQUARE, CIRCLE e nei modelli speciali LIVING e CITY oltre che custom e a disegno. A listino sono proposti TOP e RIVESTIMENTI in diverse finiture di serie e a misura. È rivestibile con gran parte dei rivestimenti tradizionali: ceramica, marmo, mosaico, gres porcellanato e agglomerati. L'applicazione di resine cementizie ne risulta estremamente facilitata.

Eclettico is an unclad undermount bathtub consisting of an oval symmetric base integrated in an expanded polystyrene structure (EPS). ECLETTICO is available in two versions: Square and Circle, in the special models LIVING and CITY, made-to-measure and customized. Standard and made-to-measure finishes for top and side claddings are included in the pricelist. Eclettico is suitable to be clad with traditional masonry materials such as ceramics, mosaics and composites; cement resins can be easily applied to the bathtub.

SPECIFICHE TECNICHE / technical features

ECLETTICO caratteristiche generali

dimensioni bacino	158 x 58 cm
volume al troppo pieno	180 lt
altezza vasca	50 cm
peso vasca	26 kg
colonna di scarico	58 cm (lunghezza con e senza ETP)

SQUARE:

dimensioni vasca	170 x 75 / 80 - 180 x 80 / 90 / - 190 x 90 / 100
------------------	--

CIRCLE:

dimensioni vasca	180 x 80
------------------	----------

CITY:

dimensioni vasca	150 x 150
------------------	-----------

LIVING:

dimensioni vasca	Ø 180
------------------	-------

ECLETTICO general features

acrylic base size	158 x 58 cm
capacity at overflow level	180 lt
weight	26 kg
standard height	50 cm
pop-up waste	58 cm (length with and without ETP)

SQUARE:

bathtub's size	170 x 75 / 80 - 180 x 80 / 90 / - 190 x 90 / 100
----------------	--

CIRCLE:

bathtub's size	180 x 80
----------------	----------

CITY:

bathtub's size	150 x 50
----------------	----------

LIVING:

bathtub's size	Ø 180
----------------	-------

A MISURA

Si realizzano vasche a misura nelle dimensioni esterne integrando pannelli compensatori in EPS o in riduzione dalle misure superiori

A DISEGNO

Si realizzano vasche a disegno e tagli lineari di fuori squadra

ADATTABILITÀ

Tagliabile e adattabile in cantiere con strumentazione di falegnameria

RUBINETTERIA / BORDO VASCA

Per inserimento rubinetteria a bordo vasca è necessario realizzare un'asola nel polistirene per i collegamenti idraulici. Dimensioni asola standard 50 x 6 cm. Si possono realizzare asole A MISURA previa verifica di fattibilità

RUBINETTERIA / TOP VASCA

A richiesta si possono realizzare ASOLE O FORATURE per rubinetteria con e senza placca di copertura. In entrambi i casi è obbligatorio allegare scheda tecnica della rubinetteria

TOP VASCA / DIMA

Per il rilievo del top si consiglia l'utilizzo della DIMA TOP_MAKRO vedi pag. 403 e della relativa scheda rilievo scaricabile dal sito www.makro.it

COLONNE DI SCARICO

Colonna standard	colonna di scarico con sifone senza erogazione
Colonna con ETP	colonna di scarico con sifone e con erogazione da troppo pieno

COLLANTI

Per l'incollaggio di rivestimenti e top sul corpo in polistirene EPS si consiglia di utilizzare collante MAPEI KERALASTIC, o prodotti similari con analoghe caratteristiche tecniche.

RIVESTIMENTI

La vasca ECLETTICO può essere rivestita con materiali di collezione anche a misura.

MADE TO MEASURE BATHTUBS

The external sizes of our bathtubs can be customized adding EPS compensation panels or reducing the size of the EPS body

TAILOR-MADE BATHTUBS

We can produce tailor made bathtubs and make linear cuttings of the EPS structure in case of outer square

FLEXIBILITY

Our bathtubs can be cut and adjusted on site using carpentry tools

COUNTERTOP BATHTUB TAPS

Cut-out in EPS structure required for taps and water connection. Cut-out for taps' installation: standard size 50 x 6 cm; Custom-made cut-outs can be done after feasibility check.

BATHTUB'S TOP / TAPS

It's possible to make single holes for taps without plate or cut-outs for taps with cover plate. In both cases always attach the technical specifications of the taps

BATHTUB'S TOP / TAMPLATE

Please rely on the template DIMA TOP_MAKRO (see page 403) and on the dedicated technical sheet to measure customized tops.

POP-UP WASTE

standard pop-up waste	pop-up waste with siphon without overflow with filler
pop-up waste with ETP	pop-up waste with siphon with overflow with filler

GLUES

To glue the top and side cladding to the EPS body of the bathtub, we recommend to use the glue MAPEI KERALASTIC, or other products having similar technical features

CLADDINGS

Eclettico can be clad with standard claddings belonging to our collection. On application eclettico can be clad with custom made claddings
