

FIX_piatto doccia Corian® / corian® shower tray

Fix è un piatto doccia in Corian® ottenuto dall'integrazione di un bacino Pluvio con relativo massetto e alzata in EPS (polistirene espanso) rivestiti. L'assoluto valore formale e la sicurezza idraulica consentono l'utilizzo in ambito alberghiero. Fix è installabile in appoggio, a semincasso e ribassato. È realizzato a misura fino a cm 210 x 110.

FIX consist of PLUVIO thermoformed shower tray, with screed in EPS _ expanded polystyrene and steps clad in Corian®, thanks to its waterproof level, FIX is suitable also for the hotel sector. The shower tray can be installed as floorstanding, half-recessed or completely recessed into the floor model. It can be produced to measure (on centimeter) up to size 210x110 cm.

SPECIFICHE TECNICHE / technical features

RETTANGOLARE:
a misura al cm da 60 x 60 a 210 x 110
altezza bacino 10 cm

RECTANGULAR BASE
Made to measure to cm from 60x60 to 210x110
Tray's height 10 cm

PILETTA
piletta sifonata con imbuto regolabile
portata **35 l / min**
griglia inox

WASTE
Waste with siphon with adjustable funnel
flow rate 35 lt/min
grid in stainless steel

MATERIALE
bacino: PST, polistirene estruso antiurto (alta resistenza meccanica)
massetto: EPS, polistirene espanso alta densità rivestito in Corian®
alzata: EPS, polistirene espanso alta densità rivestita in Corian®

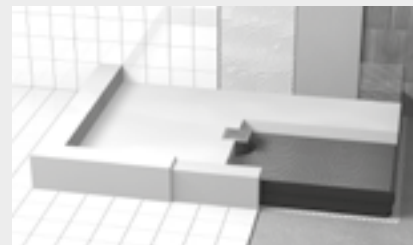

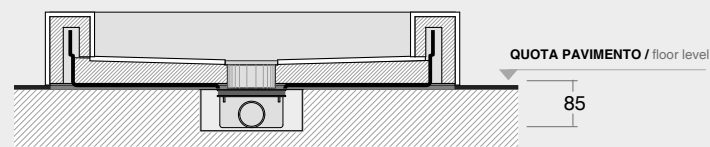

MATERIAL
base: PST, shockproof extruded polystyrene (characterized by high mechanical resistance)
screed structure : EPS high density expanded polystyrene step: step in EPS clad in Corian

ADATTABILITÀ
bacino: termoformato tagliabile in altezza (max mm 50 da bordo superiore)
alzata: adattabile a misura con strumentazione da falegnameria

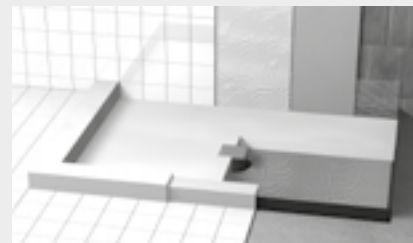

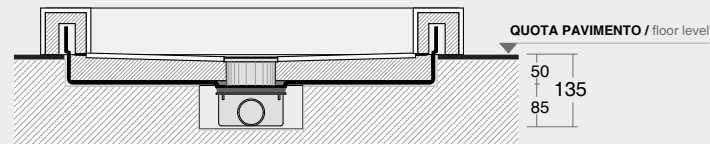

ADAPTABILITY
base: The thermoformed tray can be cut ONLY in height (max mm 50 from the external recess)
step: made - to measure with carpentry tools

MODI DI INSTALLAZIONE / installation

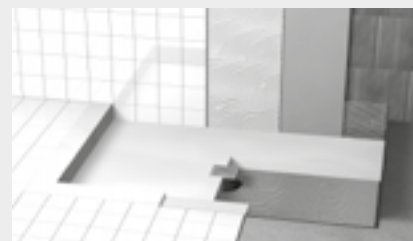

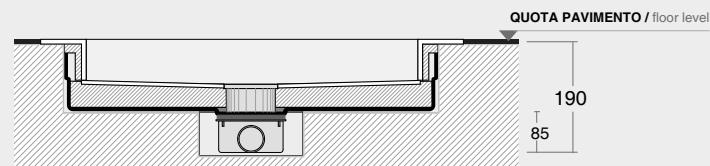

APPOGGIO h.85 mm / floor-standing

SEMINCASSO h.135 mm / half-recessed

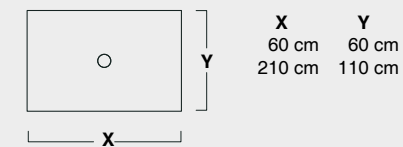

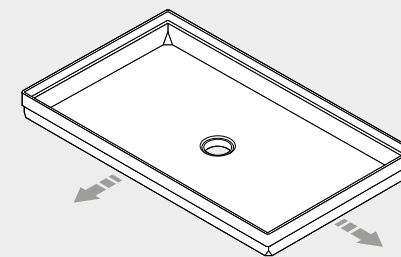

RIBASSATO h.190 mm / recessed

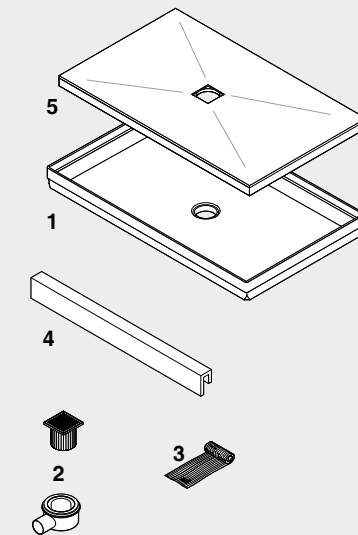

BACINO A MISURA / made to measure basin

rettangolo / rectangular model

dotazione kit / shower tray kitbasin

1. bacino termoformato in PST
2. piletta sifonata (**35 l / min**) con griglia in acciaio 10 x 10 cm
3. 3 mt di rete di ancoraggio
4. alzata in EPS rivestita in Corian®
5. "massetto" in EPS rivestito in Corian® a misura H 50 mm

1. PST thermoformed tray
2. tray waste and siphon (35 lt / min) with steel grid 10 x 10 cm
3. anchoring mesh 3 mts
4. eps steps clad in Corian®
5. made- to- measure eps screed clad in Corian®, H 50 mm
