

LESS_ piatto doccia in Makril / makril shower tray

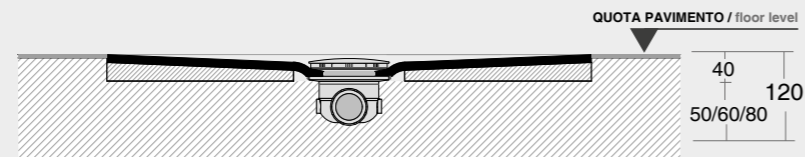

È un piatto doccia in Makril con pendenza preformata e supporto in polistirene (EPS) ad alta densità. È disponibile in versione filopavimento e da appoggio, in un vastissimo range di misure. È di facile adattabilità in cantiere grazie alla praticità di taglio eseguibile con strumentazione di falegnameria. È disponibile in 3 larghezze 75, 90 e 120 cm e lunghezza max cm 240.

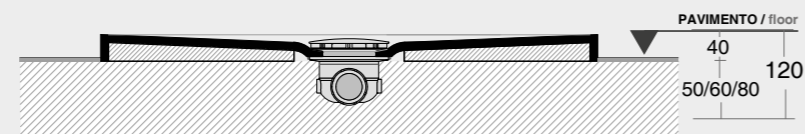

LESS is a floor- flush shower tray in Makril with integrated slope and support in high density polystyrene (EPS), available in a wide range of sizes. It can be easily adjusted and cut on site with carpentry tools. LESS is available in two different widths, 75, 90 and 120 cm, and in length up to 210 cm.

MODI DI INSTALLAZIONE / installation modes

FILOPAVIMENTO / floor flush

APPOGGIO / floor standing

SPECIFICHE TECNICHE / technical features

RETTANGOLO

LESS - medium Y = 75 cm
X = 80 / 100 / 120 / 140 / 160 / 180 / 200 / 220 / 240 cm

LESS - large Y = 90 cm
X = 80 / 100 / 120 / 140 / 160 / 180 / 200 / 220 / 240 cm

LESS - extralarge Y = 120 cm
X = 100 / 120 / 140 / 160 / 180 / 200 / 220 / 240 cm

ANGOLO

LESS - medium Y = 75 cm
X: 80 / 100 / 120 / 140 / 160 / 180 cm R: 45 cm

LESS - large Y = 90 cm
X = 80 / 100 / 120 / 140 / 160 / 180 cm R: 55 cm

TONDO

D. 80 / 90 / 100 / 120 cm

PILETTA

piletta sifonata H 80 mm con portata **31 lt / min**
piletta sifonata H 60 mm con portata **24 lt / min**
piletta sifonata H 50 mm con portata **44 lt / min**
tappo piletta in abs bianco oppure in Makril

MATERIALE

piatto in EPS, polistirene espanso alta densità rivestito in Makril
Il Makril è un solid surface, non poroso, omogeneo, impermeabile, igienico, resistente ai raggi UVA e UVB

ADATTABILITÀ

LESS è facilmente adattabile e sagomabile in cantiere con normali attrezzature di falegnameria.

RECTANGULAR

LESS - medium Y = 75 cm
X = 80 / 100 / 120 / 140 / 160 / 180 / 200 / 220 / 240 cm

LESS - large Y = 90 cm
X = 80 / 100 / 120 / 140 / 160 / 180 / 200 / 220 / 240 cm

LESS - extralarge Y = 120 cm
X = 100 / 120 / 140 / 160 / 180 / 200 / 220 / 240 cm

CORNER

LESS - medium Y = 75 cm
X: 80 / 100 / 120 / 140 / 160 / 180 cm R: 45 cm

LESS - large Y = 90 cm
X = 80 / 100 / 120 / 140 / 160 / 180 cm R: 55 cm

ROUND

D. 80 / 90 / 100 / 120

WASTE

Waste with siphon H 80 mm with flow rate 31 lt / min
Waste with siphon H 60 mm with flow rate 24 lt / min
Waste with siphon H 50 mm with flow rate 44 lt / min
Cover waste in white abs or in makril

MATERIAL

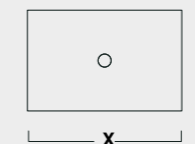

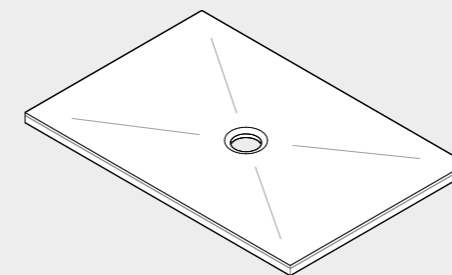

Eps shower tray (high density expanded polystyrene) clad in Makril.
Makril is a solid surface, not porous, homogeneous, waterproof, hygienic and resistant to the UVA and UVB rays.

ADAPTABILITY

Less can be easily cut and adjusted on site with carpentry tools.
