

## SISTEMI\_VASCA - DOCCIA / bathtub - shower systems

Composizioni costituite da vasca e doccia tecnicamente integrate. Disponibili in versione da rivestire o pre rivestite in diverse finiture.

Systems are compositions of technically integrated bathtubs and showers, available to be clad on site or already clad in several finishes

### COMPOSIZIONI / compositions

#### LINEARE / LINEAR

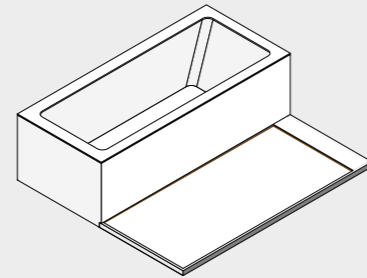

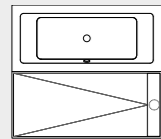

##### vasche / bathtubs

- wave
- eclettico
- street

##### piatti doccia / showers trays

- pluvio pst / fix
- slim
- steel
- less
- basic shower
- unico

#### FRONTALE / FRONTAL

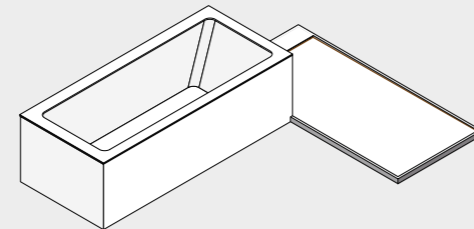

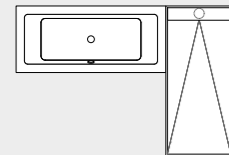

##### vasche / bathtubs

- wave
- eclettico
- street

##### piatti doccia / showers trays

- pluvio pst / fix
- slim
- steel
- less
- basic shower
- unico

#### LATERALE / LATERAL

##### vasche / bathtubs

- wave
- eclettico
- street

##### piatti doccia / showers trays

- pluvio pst / fix
- slim
- steel
- less
- basic shower
- unico

## SPECIFICHE TECNICHE E FINITURE / technical features and finishes

<b>vasche</b>	wave eclettico street		bathtub	wave 170x70, 180x80, 200x105 cm eclettico 170x75, 180x80 street 180x80, 190x90, 200x100
<b>piatti doccia</b>	pluvio basic shower unico fix slim less steel	appoggio, semincasso filopavimento filopavimento appoggio, semincasso appoggio, filo pavimento appoggio, filopavimento appoggio, filopavimento	shower trays	pluvio floor standing, half recessed) basic shower floor flush unico floor flush fix floor standing, half recessed slim floor standing, floor flush less floor standing, floor flush steel floor standing floor flush
<b>RIVESTIMENTI</b>			<b>CLADDINGS</b>	
<b>top vasca</b>	Corian® GW, Makril, marmo, ecocemento, vetro lucido, vetro satinato.		bathtub top	Corian® GW, Makril, marble, eco-cement, polished glass satined glass

Composizioni costituite da vasca e doccia tecnicamente integrate. Disponibili in versione grezza da rivestire o rivestite in diverse finiture di collezione. Vasche: eclettico system, wave system (small-medium-large), street system. Vasche con misure diverse sono da valutare e preventivare specificatamente.

Docce al centimetro: pluvio pst (appoggio/ semincasso); slim (appoggio/ filopavimento); steel (appoggio/ filopavimento); less (appoggio / filopavimento); basic shower (filopavimento); fix (appoggio / semincasso).  
Tipologie: angolo, passante, parete, isola, penisola, nicchia

These systems are compositions of technically integrated bathtubs and showers, available to be clad on site or already clad in several standard finishes. Bathtubs' models: Eclettico system, Wave system (small, medium, large), Street system. Feasibility of bathtubs with different sizes has to be checked in advance.

Showers to centimeter: Pluvio pst (floorstanding/ half recessed); Slim (floorstanding/ floor-flush); Steel (floorstanding/ floor-flush); Less (floorstanding/ floor-flush); Basic Shower (floor-flush); Fix (floorstanding, half-recessed).  
Typologies: corner, walk trough, wall, freestanding, wall short side, niche

## TIPOLOGIE /typologies

**angolo SX** / left corner

**angolo SX** / left corner

**passante** / walk trough

**isola** / freestanding

**parete** / wall

**penisola** / wall short side

**nicchia** / niche

I piatti doccia (ad esclusione di STEEL) sono REVERSIBILI e possono essere utilizzati sia a DX che a SX della vasca.

Showers trays (with the exception of Steel) are REVERSIBLE and can be used both on the left and on the right of the bathtub.

# SISTEMA VASCA - DOCCIA FRONTALE / bathtub- shower frontal

Composizioni costituite da vasca e doccia tecnicamente integrate. Disponibili in versione grezza da rivestire o rivestite in diverse finiture di collezione. Vasche: eclettico system, wave system (small-medium-large), street system. Vasche con misure diverse sono da valutare e preventivare specificatamente.

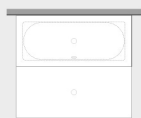

Docce al centimetro: pluvio pst (appoggio/semincasso); slim (appoggio/filopavimento); steel (appoggio/ filopavimento); less (appoggio/filopavimento); basic shower (filopavimento); fix (appoggio/semincasso).  
Tipologie: parete, nicchia, passante, angolo, isola

These systems are compositions of technically integrated bathtubs and showers, available to be clad on site or already clad in several standard finishes. Bathtubs' models: Eclettico system, Wave system (small, medium, large), Street system. Feasibility of bathtubs with different sizes has to be checked in advance.

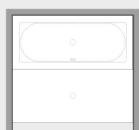

Showers to centimeter: Pluvio pst (floorstanding/ half recessed); Slim (floorstanding/ floor-flush); Steel (floorstanding/ floor-flush); Less (floorstanding/ floor-flush); Basic Shower (floor-flush); Fix (floorstanding, half-recessed).

Typologies wall, niche, walk trough, corner, freestanding

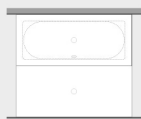

## TIPOLOGIE /typologies

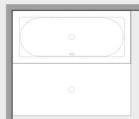

**parete** / wall

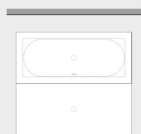

**nicchia** / niche

**passante** / walk trough

**angolo** / corner

**isola** / freestanding

I piatti doccia (ad esclusione di STEEL) sono REVERSIBILI e possono essere utilizzati sia a DX che a SX della vasca.

Showers trays (with the exception of Steel) are REVERSIBLE and can be used both on the left and on the right side of the bathtub.

# SISTEMA VASCA - DOCCIA LATERALE / bathtub - shower lateral

Composizioni costituite da vasca e doccia tecnicamente integrate. Disponibili in versione grezza da rivestire o rivestite in diverse finiture di collezione. Vasche: eclettico system, wave system (small-medium-large), street system. Vasche con misure diverse sono da valutare e preventivare specificatamente.

Docce al centimetro: pluvio pst (appoggio/ semincasso); slim (appoggio/ filopavimento); steel (appoggio/ filopavimento); less (appoggio/ filopavimento); basic shower (filopavimento); fix (appoggio/semincasso).  
Tipologie: angolo, parete, nicchia, isola, penisola
